

# Leaf Lanterns

## What you'll need:

Leaves

Plastic milk jug

Clear packing tape

Scissors

No flame (battery) tea light

## Steps:

- Forage for some leaves and flowers to use for your lantern  
*\*It is important NOT to collect anything from national parks*
- Cut a milk bottle in half
- Arrange the leaves/flowers onto a long strip of packing tape
- wrap the packing tape onto the bottom half of the milk carton (sticky side to the carton)
- Place your no-flame candle inside the lantern and watch your nature light up
