

Pinecone Bugs

What you'll need:

Pinecones

Pipe cleaners

Googly eyes

Glue

Steps:

- Wrap 3 or 4 full-length pipe cleaners around the pine cone to make a total of 6 or 8 legs
- Stick the googly eyes onto the top of the pinecone (most spiders have 8 eyes and other insects mainly have 2)
- If you have extra supplies, why not try making other insects or animals!
