

MAKE *Pinecone Bugs*

What you'll need

- Pinecones
- Pipe cleaners
- Googly eyes
- Glue
- Paint & brushes

Steps

- Wrap 3 or 4 full-length pipe cleaners around the pinecone to make 6 or 8 legs.
- Stick googly eyes on the top of the pinecone. Remember, most spiders have 8 eyes and other insects mostly have 2.
- You can add paint to make your creation more colourful.
- If you have extra supplies, try making other insects or animals as well.
